

Student Services Guide

1. Student Portal

The student portal provides access to personal details, course registration, attendance, examination schedules, grades, announcements, and academic notifications. Students should log in regularly to stay updated.

2. Learning Management System (LMS)

The LMS is used to access study materials, recorded lectures, assignments, quizzes, grades, and discussion forums. Students should submit assignments only through the LMS.

3. Password Reset

Students who forget their password can use the 'Forgot Password' option on the login page or contact the technical support team for assistance.

4. Technical Support

Technical support is available for login problems, LMS issues, portal access, software-related queries, and online examination assistance during working hours.

5. Academic Support

Students may contact faculty members or academic coordinators for doubts related to courses, assignments, examinations, grading, and project work.

6. Library Services

The digital library provides access to e-books, journals, research papers, previous question papers, and other learning resources.

7. Fee Payment

Students should pay tuition and examination fees through the official payment portal before the announced deadlines. Payment receipts should be saved for future reference.

8. Certificates and Transcripts

Students can apply online for bonafide certificates, provisional certificates, degree certificates, and academic transcripts after fulfilling institutional requirements.

9. Examination Help

Students should verify examination schedules, download hall tickets, report technical issues immediately, and follow examination guidelines during online or offline exams.

10. Grievance Redressal

Academic or administrative complaints can be submitted through the official grievance portal. Every complaint is reviewed and resolved according to institutional procedures.

11. Student Counselling

Professional counselling services are available to support students with academic stress, personal concerns, and career planning.

12. Contact Information

Academic Coordinator: coordinator@university.edu
