Academic Regulations

Introduction

These regulations define the academic rules, student responsibilities, institutional procedures, examinations, grading, attendance and code of conduct for the online academic program.

Admission Policy

Admission is confirmed only after successful document verification, fee payment and approval by the institution. Students should provide accurate information during admission.

Course Registration

Students should register for courses during the registration period and verify the selected subjects. Course modifications are allowed only during the official add/drop window.

Attendance Regulations

Students must maintain at least 75% attendance in every course. Attendance is monitored throughout the semester and shortages may affect examination eligibility.

Assignment Guidelines

Assignments should be submitted through the LMS before the deadline. Original work is expected and plagiarism is prohibited.

Continuous Assessment

Student performance is evaluated using quizzes, assignments, laboratory work, projects, presentations and classroom participation.

Examination Rules

Students should carry a valid ID card, arrive before reporting time and follow all examination instructions. Malpractice may result in disciplinary action.

Grading Policy

Grades are calculated according to institutional evaluation methods. Students may request re-evaluation within the prescribed period.

Letter	Qualitative meaning	Grade Point attached
---------------	----------------------------	-----------------------------

A	Excellent	10
A-	Very Good	9
B	Good	8
B-	Above Average	7
C	Fair/Average	6
C-	Below Average	5
D	Poor	4
E	Exposed	2

Academic Integrity

Students should avoid plagiarism, cheating, fabrication of information and unauthorized collaboration. Academic honesty is expected in all activities.

Leave Policy

Students should inform faculty about medical or emergency leave and submit supporting documents whenever required.

Student Responsibilities

Students should attend classes regularly, complete assignments on time, check official announcements and maintain respectful behaviour.

Faculty Responsibilities

Faculty members provide learning materials, conduct assessments, evaluate assignments fairly and support students academically.

Library Services

Students have access to digital books, journals, research articles and other learning resources through the institutional library.

Learning Management System

The LMS is used for announcements, assignments, grades, quizzes and learning materials. Students should check it regularly.

Student Support

Academic, technical and administrative support services are available through the official student support portal.

Graduation Requirements

Students must complete all required credits, pass mandatory courses, satisfy attendance requirements and clear institutional dues before graduation.

Certificates

Degree certificates, transcripts and provisional certificates are issued after successful completion of the program and verification of records.

Code of Conduct

Students should maintain discipline, respect university policies and avoid misuse of institutional resources.

Grievance Redressal

Academic or administrative grievances may be submitted through the official grievance portal for review and resolution.

Frequently Asked Questions

Students can contact academic coordinators regarding registration, examinations, attendance, assignments, LMS access and other academic concerns
